- Powered armless patio awning with LED lighting
- Optional heated electric drainage system
- Designed and insulated for extended seasons
- Optional 100-watt solar panel battery charger

On the Cover: Magnetic Deluxe

Crosshatch with Washed Maple Cabinetry

## Take the Scenic Route

The all-new Winnebago® Paseo™ is a first-of-its-kind Class B coach built on the world-renowned Ford® Transit van chassis. It looks sharp, has a spacious interior, and boasts the power and fuel economy of a Ford EcoBoost engine. The Paseo was consciously designed for a leisurely lifestyle while making the

most of the available space. The rear third of the coach is completely transformable to your needs with the help of a specially-designed Flex Bed System that offers multiple sleeping and daytime configurations. Be one of the first to experience the fun, flexible, fuel-friendly Class B Paseo from Winnebago.

### Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

Dinette

The rear of the Paseo is an innovative living space designed for total day and night comfort. The dinette configuration presents you with two plush bench seats facing an oversized table that seats four for dinner with plenty of elbow room. The table can be lowered out of the way if you just want to relax and watch TV. At night, the dinette converts into a full bed. Above your head, a row of cabinets takes advantage of hidden wall cavities to maximize your storage space. They are adorned with sliding doors in your choice of a Washed Maple or Coffee-Glazed Vienna Maple wood finish that glide smoothly with a touch.

Rear Screen

Rear Screen Down

Our galley engineers worked overtime selecting appliances and crafting a cooking space that encourages eating healthy on the road. This includes a two-burner range top, compressor-driven refrigerator/freezer, microwave/convection oven, and a Corian® countertop with a flip-up extension. A large 26-gallon fresh water holding tank keeps you going strong when you're living off the grid. The inclusion of the Truma Combi™ Eco Plus heating system allows you to travel all year round using a combination of LP and electricity that is over 90% efficient.

Flex Bed System as Full Bed

Shower

By moving the bath forward in the coach, we've avoided protruding wheel wells to create a spacious bath with an elegant curved sliding door. The fold-down sink over the toilet creates further space making this one of the most efficient bathrooms in its class. Catch up on sleep on the Flex Bed System when your day of adventure comes to a close.

Bathroom Sink Up

Bathroom Sink Down

Dash

As the first touring coach of its kind to be built on the Ford Transit chassis, you'll be the first to experience the power and acceleration the of the Ford 3.5 liter EcoBoost V6 engine in a touring coach. Inside, Ford's SYNC® 3 voice-activated technology activates the dash touchscreen with controls for the phone, stereo, and navigation functions. The passenger seat rotates to face a discreetly located flip-out table that is perfectly sized for a laptop or a quick meal on the go.

Powered Mirror with Defrost and Turn Signal

Cab Shades

Radio/GPS Navigator/Rearview Monitor System

Powered Armless Patio Awning with LED Lighting

The Paseo is ready for your next adventure with accessories designed for an active lifestyle, such as an available bike rack that folds neatly against the back wall when not in use. The available roof rack expands your storage capabilities and includes a new movable ladder for loading and unloading. At the end of the day, pull out a chair, extend the new armless awning with a wind sensor, and relax with a cold beverage as you listen to your speaker system that pairs with your Bluetooth® phone. You can also take advantage of additional innovations such as the rear screen wall and the running boards with ground lighting.

Holding tank flushing system

## OPTIONAL EQUIPMENT

Heated drainage system

## Safety

LP, smoke, and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

High-mount brake lamp

## Warranty<sup>5</sup>

### 12-month/15,000-mile basic warranty<sup>6</sup>

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
3. Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
4. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
5. See separate chassis warranty.
6. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's\* continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
