- Ducted 2nd A/C
- Dual pane windows
- Cold climate package

STRENGTH:

① Fiberglass that is laminated to a ② 1/2" luan board. We then laminate a second layer of ③ 3/8" luan, which acts as a vapor barrier, ensures the walls are straight and smooth, and helps eliminate thermal transfer. The luan sheets are staggered during this process for added strength, durability and a smoother finish. ④ The welded aluminum structure is then filled with block foam insulation and finished with ⑤ 1/8" luan covered in a ⑥ decorative wall vinyl

Product information is as accurate as possible as of the date of publication of this brochure. Due to Heartland's commitment to continuous product improvement - floorplans, materials, components, features, measurements, specifications, options, etc. are subject to change at any time without notice or obligation. In certain conditions some additional equipment may be needed. Photos may show optional equipment or props used for photography purposes only.

Heartland has listed the approximate base weight of the trailer without the option equipment included. Option equipment will impact the weight of the trailer. Please locate the weight sticker attached to the trailer you are considering for the most accurate trailer weight.

Tow Vehicle Caution: Owners of Heartland recreational vehicles are solely responsible for the selection and proper use of tow vehicles. All customers should consult with a motor vehicle manufacturer or their dealer concerning the purchase and use of suitable tow vehicles for Heartland products. Heartland disclaims any liability or damages suffered as a result of the selection, operation, use or misuse of a tow vehicle. Heartland's limited warranty does not cover damage to the recreational vehicle or the tow vehicle as a result of the selection of the tow vehicle.
