

2017 AMERICAN REVOLUTION BY AMERICAN COACH

2017 AMERICAN REVOLUTION

DECLARE YOUR FREEDOM

REVGROUP

American Coach

The heart of luxury. The soul of freedom.

American Revolution

JULY 4, 1776 Following the Revolutionary War, the Declaration of Independence was signed on July 4, 1776 in Philadelphia — dubbed “America’s Birthplace.” Here, many of our freedoms were realized. The Greater Philadelphia region is home to the Independence Hall, as well as countryside Revolutionary War sites.

AMERICAN REVOLUTION 42S IS SHOWN IN MOON HAZE DECOR AND HIGH GLOSS CHESTNUT CABINETRY.

A REVOLUTION IN LUXURY

Featuring four intuitive floorplans, American Coach's most affordable Class A lineup will revolutionize your motor coach experience with unprecedented comfort. Front to back, intuitive details greet you, starting with the well-appointed cab and ending with the full-featured rear bath. In the living area, select model L-shaped sofas create

residential interiors, while the LG name sets the bar in entertainment. The galley itself revolutionizes cooking. Whip up meals on the flush-mount induction cooktop, or grab a quick bite complements of the Whirlpool stainless-steel convection microwave oven. And who doesn't love a standard dishwasher?

Combining extravagant textures and comfortable fabrics with innovative features and name brand appliances the American Revolution inspires and emboldens those looking for something more.

DECLARE YOUR FREEDOM

Fundamental change — it's the beating pulse of every revolution, paving uncharted roads for new ideas to be conceived. The American Revolution, the epitome of luxury redefined. Built on its own exclusive Liberty Chassis with a 450 HP Cummins engine, the American Revolution unlocks a world of freedom for those looking to step up into a Class A luxury motor coach. Surround yourself with gracious amenities and impeccable style when you set out to conquer the open road.

AMERICAN MADE

CUSTOM PAINT FOR THAT FINAL TOUCH

We take pride in every detail of our coaches, right down to the gleam of each paint package, which is why American Coach features its very own custom paint facility at its manufacturing location in Decatur, Indiana. Every coach makes its way through the 125,000-square-foot facility, visiting eight different downdraft paint booth stations to achieve American Coach's pristine look — an automotive full-body paint with sand and buff high-gloss finish.

RIDING ON CONFIDENCE

An exceptionally built motor coach should ride on an equally exceptional foundation. The Liberty Chassis features a Freightliner V-Ride™ rear/drive axle for increased sway control and better coach handling. The heavy-duty e-coated steel bridge, along with the Freightliner UltraSteer® B-Series tag axle, provides added strength, increased maneuverability and better handling for confident command of the road ahead.

1. THE INDUSTRY'S LARGEST STORAGE — The Liberty Chassis design creates extreme pass-through basement storage space for taller compartments, easier access and loads of room. The American Revolution also features a one-key system for all storage and power door locks with key fob on select doors.
2. ZF DOUBLE WISHBONE INDEPENDENT FRONT SUSPENSION AND PREMIUM SACHS® SHOCKS — The front suspension features a 60-degree wheel cut for unmatched handling backed by the dependability of the ZF name, while custom-tuned Sachs shocks heighten comfort and increase safety.
3. FREIGHTLINER ULTRASTEER B-SERIES — The UltraSteer B-Series straight-beam axle and wide-track suspension arms provide increased lateral stiffness, offering complete control and precise maneuvering in all conditions.

4. V-RIDE™ SUSPENSION — The V-Ride drive axle suspension features increased towing capacity, allowing you to carry more gear while providing a durable, comfortable ride.
5. BENDIX® DISC BRAKES — Bendix front wheel air disc brakes deliver uniform stopping power and better steering control, while reducing brake fade and stopping noise.

2017

AMERICAN REVOLUTION

SERVICE BACKED BY AMERICAN PRIDE American Revolution is backed by American Coach's RV OWNERCARE warranty program, a limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first. And with each warranty comes a network of trustworthy dealers and regional technical centers ready to get you back on the road.

REV GROUP

American Coach is part of REV Recreation Group, a division of REV Group, Inc., a family of 26 industry-leading motor vehicle brands. At REV Group, we innovate, design and build products that connect and protect thousands of people every day—our trusted vehicles are engineered with the utmost rigor and precision to deliver the highest levels of performance, reliability, durability and safety.

IMPORTANT — PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.AmericanCoach.com or contact your local American Coach dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. American Coach has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

DISCLAIMERS

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity*.
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to American Coach and chassis manufacturer's manuals for complete information.
4. Length measured from front bumper to rear bumper (excludes accessories).
5. Excludes safety equipment and awnings.
6. Motor homes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
N/A = Not Applicable

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependant on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

†† The Minimum Towable Load of this vehicle is the available weight capacity, up to GCWR, when the coach is fully loaded to maximum GVWR. However, if the coach is loaded to something less than maximum GVWR, that extra available weight capacity can be added to your Towable Load. For example, if your coach is loaded to 1,000 lbs less than maximum GVWR, your Towable Load increases accordingly. Do not exceed the hitch rating weight, GVWR or GCWR.

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

** All 2017 REV Recreation Group motorhomes include a limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.
