- Powered patio awning with LED lighting
- Motoraid supplemental hot water and heating system
- Available solar panel/ battery charger
- Available JBL® Premium Cab Sound System

On the Cover: 37F Black Walnut Full-Body Paint

37F Manhattan with Coffee-Glazed Honey Cherry Cabinetry

Class A in Every Detail

The Adventurer® brings a true luxury motorhome experience to the Class A gas market. Three floorplans, ranging from 35 to 38 feet, are loaded with amenities and smart features that make life on the road more enjoyable, such as Corian® countertops, MCD solar/blackout roller shades, and TrueAir® maximum comfort air

conditioning. The exterior is also a feast for the eyes with multiple full-body paint selections, stylized aluminum wheels and chrome accents. Each floorplan has expansive storage—both inside and out—and three slideouts to expand your living space. Make your move to the head of the class in a new Adventurer.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

37F Manhattan with Coffee-Glazed Honey Cherry Cabinetry

The 35P features a traditional layout with a Rest Easy® sofa facing the BenchMark® full-comfort dinette. The 37F replaces the dinette with a Glide & Dine™ dining table and chairs connected to a buffet with a retractable HDTV. For the maximum lounging experience, select the 38Q with the Rest Easy Extendable Sectional Sofa that faces the full-featured entertainment center with an electric fireplace. A moveable hoop-base lounge chair in the 37F and 38Q provide additional seating flexibility. Four new interior décor options make you feel at home while the TrueAir maximum comfort air conditioning keeps you cool all summer long.

37F Galley

The Adventurer galley is a Class A triumph with Corian solid-surface, high-gloss countertops, a decorative backsplash, and a host of appliances carefully selected for their quality and style. This includes a microwave/convection oven that cooks and browns like a traditional oven and a gorgeous residential French door refrigerator/freezer (standard 38Q/available 37F). The full-wall slideouts (NA 38Q) provide plenty of workspace and incorporate an impressive amount of storage that you've always wanted in a motorhome.

37F Range Covers

Think big in a relaxing bedroom with a large slideout, making way for a massive wardrobe and a king bed with an adjustable InnoMax® Natural Reserve Freedom mattress and a power incline frame (NA 35P). A bedroom HDTV and ceiling fan come standard in all Adventurer floorplans. The 37F comes with addition of a private master bathroom featuring the exclusive BIG Shower that provides a great start to your day.

Dash

You will have a hard time finding a more engaging entertainment hub in a motorhome than the Adventurer's Infotainment Center featuring Rand McNally RV GPS. In addition to turn-by-turn directions, the Infotainment Center comes with two monitors to give you control over the AM/FM stereo, connected Bluetooth® devices, and a host of other features that make travel more enjoyable. Add the available 11-speaker JBL® Premium Cab Sound System for precision-tuned sound throughout the coach. You'll also enjoy cab creature comforts such as power-adjustable Ultraleather cab seats, a passenger workstation, and an MCD solar/blackout powered front shade.

Passenger Dash Workstation with 12V USB Charging Ports

Powered Mirrors with Defrost and Sideview Cameras

37F Powered Patio Awning

Getting set up at the campsite has never been easier thanks to a powered patio awning with integrated LED lighting. Hydraulic leveling jacks with controls in the cab and on both sides of the coach make your arrival even smoother. When setup is complete, crank up the fun by adjusting the position of the available exterior entertainment center with an HDTV. Stylized aluminum wheels provide a nice accent to the high-gloss sidewalls with full-body paint.

Stylized Aluminum Wheel

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Structural extruded aluminum creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction design. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We process and finish key aluminum parts. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (WC.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
